RUSSIANS LED INTO A TRAP

MEET WITH LOSS OF 800 MEN

Russians Working Day and Night to Fortify Port Arthur—Various Reports From the Scene of War.

New Cwung, June 12.—Information received to night through reliable channels that part of the Japanese force left at Pu Lan Tien to crouch in the Russian's southward movement to relieve Port Arthur was attacked southeast of Shung Nmao yesterday. After slight fighting the Japanese made a false retreat and the Russians hotly followed them, when the Japanese made a flank movement, catching the Russians in a trap. The Russian loss is placed at 800 men. They fell back on Kai Chou and began a retreat along the B mataugis (Shung Nmao) road.

About two thousand Russian infantry from Kai Chou passed through New Cwung this morning accompanied by a large supply and hospital train. The troops appeared to be fagged out and showed indications of long forced marches. Non commissioned officers told the Associated Press that all the troops were retreating from Tachou. A native messenger just in from the Russian camp east of here reports many wounded men there.

St. Petersburg, June 13.—One division of the army reserves of the St. Petersburg district has been called out. Half of this division goes to the front and the other half among garisons of central Russia, replacing active troops ordered to the front.

HAVE NO REPORT.

St. Petersburg, June 13.—No information has reached the general staff regarding the reported ambushing of Russians at Pulantien as a result of which they were alleged to have lost 800 men. The only thing of the least significance in this connection is a short dispatch from Major General Karkevitch, sent on June 12, the day the battle is said to have occurred. Karkevitch does not mention the Pulantien fight, of which authorities presume he would have heard had it occurred. His dispatch only covered events up to the preceding day.

Up to a late hour to night nothing further has been heard from Port Arthur. Reports of continuous skirmishing along the railway south of Vafandien are taken to show that the Cossacks are keeping the Japanese busy in protecting their rear. While heavy fighting is not regarded as being imminent, a more or less severe brush with the enemy is likely at any time.

JAPS FORTIFYING.

Liao Yang, June 13.—Japanese are reported to be fortifying Liao Yang (which cannot be located on available maps) and along the railway from Ru Lan Tien to Tanchan. Japanese scouts are constantly skirmishing with Russian cavalry south of Vafandien. Demonstrations by cruisers off Kaiping and Senchen have ceased. A strong advance guard is occupying Su Yen, which is being fortified. Japanese scouts have been seen at Hai Cheng and on the Keping road.

Kuroki remains at Feng Wang Cheng, where fortifications have been strengthened. Japanese have retired from Salmatze, which has also been abandoned by most inhabitants owing to complete exhaustion of supplies. Japanese forces are also reported occupying Aiyanyamin.

The Japanese army in Manchuria is said to be exceedingly short of supplies, for which it is wholly dependent upon water transportation to the mouth of the Yalu and Takushan.

Liao Yan, June 12.—(Delayed.)—A Russian correspondent and two officers, who escaped from Port Arthur, arrived here last night. They say that for four days they were crawling through the Japanese lines, the Japanese having picketed all roads at intervals of fifty yards. The fugitives were greatly exhausted. They caught a hospital train leaving Vafandien, which also brought a number of men wounded in skirmishes along the railway. The refugees say Port Arthur is well provisioned.

CORRESPONDENT MISSING.

Washington, June 13.—Cablegrams have been received at the state department from Senators Fairbanks and Beveridge asking the department to exert itself to find some trace of a missing American war correspondent, Hector Fuller of the Indianapolis News. He was last seen Friday, June 10, at Mianau islands and his friends fear for his safety.

WAR REPORTS.

St. Petersburg, June 13.—Japanese advance of columns north and south of Feng Wang Cheng is causing considerable mystification. The preponderance of military opinion still inclines to the belief the movements in both directions are feints, although the opinion that General Kuroki has begun a serious advance by both flanks against Liao Yang does not lack supporters.

Renewed skirmishing is reported in the neighborhood of Su Yen, but there is no confirmation officially of an engagement reported last night thirty miles southeast of Hai Cheng, which resulted in the loss

of two Japanese battalions. The government has no advice of renewed fighting before Port Arthur.

New Cwung, June 13.—A Chinaman who was smuggled by Japanese into Port Arthur last night. He told the Associated Press Russians were working a large force of men day and night repairing warships. They expect the work to be completed in a fortnight. Four cruisers under Golden Hill have guns trained landward to assist in repulsing a land attack. The channel is partly cleared, but Togo's blockade is effective.

The spy estimates total strength of Russian forces, including sailors, at less than 20,000. There are many sick and wounded. There is food sufficient for two months. All Chinese foodstuff has been seized by the authorities.

Kuroki's Headquarters in the Field, June 12.—According to information here the only hostilities now occurring at the front are daily encounters between outposts resulting in loss of a man or two every day. A few Russian prisoners are being brought in, but no Japanese are being captured. This is taken to show Japanese are getting the best of encounters. Chinese are giving trouble by cutting telegraph wires nightly.

Seoul, June 13.—According to Korean official reports Russian forces which were at Niu Yong have retired to Chang Ju.

"THE WAR IS NEARLY OVER"

OPINION OF GOV. PEABODY OF COLORADO

Mines at Cripple Creek Are Open and Running—Gives Reason for Having Ninety-one Men Taken to State Line.

Denver, June 13.—Governor Peabody expressed the opinion to day that "the war is nearly over." The Cripple Creek mines are open and running, he says, and there is comparatively little disaffection among miners. The governor had information from Telluride that unionists there concede their cause lost and that those acceptable to the mine owners are at work again. Peace reigns in Silverton and Ouray and troops have been ordered from Las Animas county.

In response to a request from an eastern paper for a statement of his reasons for permitting Colorado troops to dump ninety-one union miners on the Kansas line, leaving them destitute on the prairie, miles from a habitation, Governor Peabody telegraphed that the reason for deporting strikers was the dynamite outrage of June 6 and subsequent riots; that suitable provisions were sent on the same train, and that no case of suffering is reported.

He declares the statement of the Western Federation that the strike was called by referendum vote for the purpose of establishing an eight-hour day is false; that the strike was arbitrarily called by the federation executive committee and protested against by three-fourths of the miners and that the eight-hour day has been established ten years and employer and employees were satisfied and working in harmony. "Rioting, dynamiting and anarchy has had its day in Colorado," says the governor.

ARRESTS MADE.

Denver, June 13.—G. G. Kenison, president of the miners' union at Cripple Creek, was arrested here this afternoon on a charge of murder for alleged participation in the dynamite explosion at Independence. He declared he knew nothing about the explosion. An attempt will be made to secure a writ of habeas corpus and prevent his removal to Adjutant General Bell's jurisdiction.

Cripple Creek, Colo., June 13.—Frank J. Hange, attorney for the Western Federation of Miners, was arrested to day upon General Bell's order. Hange was placed in the bull pen and strict orders given not to allow him to communicate with any one. Bell says the arrest is "necessary for the peace, quiet and good of the county of Teller and state of Colorado."

WILL TAKE THEM BACK.

Salt Lake City, Utah, June 13.—A special to the Desert News from Price, Utah, the center of the carbon country coal fields, says that if any Victor and Cripple Creek miners are brought into Utah Sheriff Wilcox will run a special train to meet them and take them back to Colorado.

Cripple Creek, Colo., June 13.—Practically all large mines in this district, which closed last Monday after the explosion at Independence, opened to day. The Portland mine has not yet been opened. Matters seem to be settling down gradually and the bitter spirit which has prevailed between various classes seems to be abating. About 125 men are still in the bull pen to be deported, but their destination is unknown.

Five councilmen of Anaconda resigned to day under pressure. Two have been confined in the bull pen for several days. Their successors are principally superintendents of mines in the vicinity of the town.

St. Louis, June 13.—It became known to day an attempt was recently made to blow up with dynamite the Church of St. Anthony. A stick of dynamite was discovered under the altar attached to a fuse running to one of the candles. The inability of an attendant to light this particular candle led to the discovery of the fuse and dynamite.

MUST CHANGE RULES

Action May Be Brought Against Chicago Car Service Association.

Chicago, June 13.—Unless some of the rules of the Chicago Car Service association, a combination of twenty-six railroads entering Chicago, are changed action against the combine will probably be begun in the federal courts, according to United States District Attorney Baker. It is contended by shippers that the car service association is a violation of the Sherman anti-trust law. Under the instructions of Attorney General Knox Fletcher began an investigation and reached a decision after hearing the attorneys of both sides. The attorney for the association said his clients undoubtedly would prefer to carry the matter to the supreme court rather than make all changes suggested.

APPEALS TO HIS ACCUSER

LETTER SENT PRESIDENT BY TYNER

Former Government Official Calls on President to Right an Alleged Great Wrong Done During Postal Investigation.

Washington, June 13.—James N. Tyner, who was removed from office as assistant attorney general for the postoffice department during the investigation of the department and who recently was tried and acquitted by a jury, has addressed a letter to President Roosevelt, in which he says:

"The strength of certain charges contained in a report by Taylor, fourth assistant postmaster general, who gave the press of the country a statement in the case of Assistant Attorney General Tyner has gone on for a number of years, and after referring to me as the 'chief offender,' you say that in my case 'corruption took the form of favoring get rich quick concerns and similar schemes.' In other words, criminals, whom it was my sworn duty to prosecute, paid me for permission to fleece the public unmolested." After thus giving your official opinion as chief magistrate of the nation as to my guilt you referred to the fact that there were three indictments pending against me, and you called upon a jury to do its duty.

"No verdict of jury, nor sentence of court could have had such far reaching or irremediable consequences for me as this extraordinary proclamation of guilt by you, and the ordinary machinery of justice is probably powerless fully to rectify the injustice done."

Tyner then cites the fact that upon seeing the statement he sent the president a letter protesting against its allegations without having a chance to be heard in his own defense. He also refers to the fact that after the trial upon charges against him he was acquitted by a jury and after referring again to his letter of protest, says:

"I do not for a moment question the good faith and entire sincerity of your proclamation; I wish merely to emphasize the fact that you have been deceived and that your laudable zeal for public and official decency has been imposed upon. You accuse me of 'gross corruption,' the attorneys for the government constantly disclaimed any such charge before the jury. Your charge was I was 'paid by criminals not to prosecute them'; not a scintilla of evidence was offered to sustain such a charge, nor was a single witness nor single document produced to show special favors for 'swindling schemes,' or a single violation of duty. Every charge in the Mistlew report in any wise reflecting upon me has been disproved by the recentral-disproved not by virtue of the verdict, but by the sworn evidence of the government's own witnesses.

"In my letter to you I prayed that my life and mental powers might be spared until I had convinced the American public, and you, as chief magistrate, that all my acts have been honest, honorable and straightforward, in the sight of God and man. My remaining hours are few, and though my house is in order and with a clear conscience I await from day to day the irrevocable summons, nevertheless I cannot close my eyes without first appealing to you, Mr. President, as my chief accuser, to endeavor in so far as you can, to right the great wrong which you have unwittingly done me."

The robbers were ordered to surrender, but responded by firing on the citizens. The fire was returned and two robbers fell with their heads and bodies punctured with shot. WAR AMONG DEMOCRATS

BATTLE FOR LEADERSHIP HAS BEGUN

Question of Selection of Candidates Shoved Into the Background—Convention Begins to Day.

Springfield, June 13.—Candidates to be convention to morrow have been shoved completely into the background by the bitter factional fight which has broken out for control of the state machinery. The selection of a candidate for governor and question of whether or not Illinois shall send to the St. Louis convention a delegation instructed for Hearst occupy a large section of the background when compared with the problem whether John P. Hopkins, of Chicago, shall retain his position at the head of the state committee or whether he shall be deposed and his power given to Hearst's promoters. The fight will open to morrow on the question of the selection of the temporary chairman.

The Hopkins people claim under the constitution and party platform the state committee has the right to name the temporary chairman. The constitution and particular plank were written by the men now managing the Hearst movement when they were in control of the party machinery several years ago. They claim now, however, the convention is sovereign in itself, and the plank was not intended for any such use as that to which the Hopkins people now desire to put it. The Hopkins people do not say positively to night that they will not prevent a roll call on selection of a temporary chairman, who is to be Frank J. Quinn, of Peoria, but the chances are they will not do so unless they have sufficient delegates to confirm selection of Quinn.

The Hopkins people are talking to night of forcing Hearst to accept an endorsement instead of an instructed delegation, or perhaps something even less valuable than endorsement.

Harrison men from Cook county who favor Congressman Williams for president may possibly be able to throw the balance of power in the event of an even break between the Hearst and Hopkins people.

Lawrence R. Stringer of Lincoln, William Prentiss of Chicago and W. C. Crolius of Joliet are leading candidates for governor.

The subcommittee hearing contests have decided mainly in favor of the Hopkins faction and it is estimated when all contests are finished next proceeds to the Hopkins faction will be 160 delegates. The Hopkins people believe this will insure them control of the convention.

SHOT BY WIFE

Mac W. Morton, a Jeweler of Marshall, Shot Down—The Woman Under Arrest

Marshall, Ill., June 13.—Mac W. Morton, a prominent jeweler, was shot and killed by his wife at their home in the north part of this city Saturday night at 11 o'clock. They had just returned from the street fair and, it is said, were quarreling when they reached home. Frequently threatening to kill each other, finally they went to the porch, where Mrs. Morton says her husband threatened to go back downtown, and that she shot him over the heart, after which he ran about a hundred yards and fell dead in Michigan avenue, near the residence of P. H. Mackers. She followed him to the place of his death, and, seemingly unconcerned, watched him breathe his last. She was then arrested and is now in the Clark county jail. She takes freely of the tragedy, but assigns no cause.

The coroner's inquest was held this morning and the jury found that Morton came to his death from the effects of a gunshot wound at the hands of his wife, Gertrude Morton.

Mac W. Morton was born and raised in Marshall and was always highly respected. His father, late president of the Clark county bank, died about five years ago. His mother made her home with him. He is also survived by James A. Morton, brother, Mrs. Douglas Griffith, of Denver, Colo.; Mrs. R. H. Brown, Marshall, Ill.; sisters.

Mrs. Morton is a daughter of W. H. Pacht, formerly of Clarksville, Ill., now living in Muscogee, I. T. She graduated as a trained nurse and was selected as superintendent of the Union hospital in Terre Haute, Ind., and served in that position until she resigned to marry Morton, less than two years ago.

The dead man was a member of the Royal Arch Masons and Knights of Pythias of this city and will be buried by them.

IF YOU HAVE DYSPEPSIA READ THIS.

The old way of taking popsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquids, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the popsin, etc., and have your dyspepsia or indigestion back again. People use cocaine or opium for nervous troubles and sick headache, it does not cure. Stop taking the drug and the pain and distress return. The only Common Sense Method is to drive out of the system the cause of dyspepsia and sick headache by cleaning the stomach and bowels and at the same time using a medicine that will act upon the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c a box. It only takes one pill for a dose. For sale by Lee P. Alcott.

Two afternoons of the week will be devoted to this, the remainder of his time he has already engaged.

Governor Yates says that the Republican convention nominated an exceptionally strong ticket.

"I think that the Republicans will carry Illinois by 10,000 majority," he continued, "and the Democrats cannot nominate a ticket strong enough to defeat the one in the field, although I believe they will put up one of the strongest tickets in history. I will not attempt to run for any office whatever during the present campaign, but will devote my time to helping in the victory of the party."

"If my friends, however, want to nominate me for the United States senate two years hence, and consider me a good man for the place, I will be glad to accept the nomination. It is still rather early to talk of that matter extensively as yet, however."

In regard to the decapitation of the offshooters in Illinois who went back on his ticket, Governor Yates said that he had removed about forty out of the 3,000. "That does not look like wholesale slaughter, does it?" he asked.

During his talk he intimated that the tariff had been about reached and no more officials would lose their places unless there were further revelations.

The governor will come down to St. Louis frequently, he says, in order to see the fair thoroughly.

"I saw the Philadelphia and Chicago fairs each in a single visit," he stated, "and have concluded that the best way to get the most good out of an exposition is to make several visits. I have seen the Pike rather thoroughly and will now take up the exhibits."

DECLARES MUSSELS A MENACE.

That there is a possibility of an epidemic of disease at Grayville, Ill., and other towns along the Wabash river which get their water supply from that river is stated emphatically in a report made by Dr. E. P. Baker, who was sent by the state board of health to Grayville to investigate the mussel industry.

Dr. Baker reports that at Grayville there are hundreds of men taking mussels from the bed of the river, cooking them in vats to facilitate removal of the meat, collecting this meat in barrels and throwing it into the river, after a search of the shells for pearls.

Dr. Baker reports having visited these fishing camps and having seen this meat floating in the river, "white, purplish and disgusting." The water supply is taken from that river. This heart and button industry is assuming large proportions, reports Dr. Baker, and as a result of the menace notice has been served on large companies handling the business to bury this mussel meat and prevent the possibility of epidemic diseases.

CHILDREN'S DAY

Observed With Appropriate Services in Most of the Churches—Large Audiences Present and Programs Given in an Excellent Manner.

Sunday was Children's day and the usual exercises were carried out at most of the churches. The weather was all that could be desired and everything contributed to the pleasures of the day. The programs at the several churches were heard with interest by large audiences. They were as follows:

STATE STREET CHURCH.

Children's day was observed Sunday morning at State Street Presbyterian church. The auditorium, which was filled, was most beautifully decorated and the singing of birds was a pleasant greeting to the audience as they came into the church. The exercises consisted of the presentation of Bibles by the pastor to children who had reached the age of 7 and had been baptized in infancy; the graduation of a Sunday school class, who were given diplomas by the superintendent, J. H. Woods; the baptism of children, and an exercise, which was called "The Message of the Flowers." The "Angel of the Flowers," called five helpers, "Mother Earth," "The Wind," "Sunbeam," "Rain" and "Dew." After each one had responded the flowers were called upon to bring their messages, which they did, in songs and recitations.

One of the most noticeable features was the excellent singing by the choruses of children seated on the platform.

CHRISTIAN CHURCH.

The church had been beautifully decorated for the occasion and the bright, happy children added beauty to the scene. The work was in the hands of Mrs. Walter Rabjohn, Mrs. T. H. Buckthorpe and Miss Minnie Bourn, and they were assisted by Misses Mary Lindsay, Carrie Morrison, Mac Hopper and Mesdames Ferguson and Clarkson, and the members of Mrs. Buckthorpe's class. Sunday, at the home of Mrs. T. D. Richardson, on West Morgan street, there was a delightful reunion of brother and sisters. The latter were Mrs. T. D. Edward Scott expected to start to day for San Domingo to assume the position of assistant manager of the West India Petroleum and Oil company. He will have Edward Kreider for a companion, probably, and the prospects for the company are good and it is fortunate in securing the services of so capable a young man as Mr. Scott.

Jacksonville, Ill., Aug. 24, 1901.—For twelve years I have suffered from sweet diabetes and have spent hundreds of dollars with various doctors, with but little benefit. I was recommended to try a bottle of Texas Wonder, Hall's Great Discovery, and will cheerfully testify to the public that it did me more good than all things else put together and am altogether another man. I have persuaded many of my friends to try it.

WHEEL CAME OFF.

Mr. and Mrs. George Riley had a narrow escape from a serious accident, while riding on West State street Sunday evening. They were passing in front of the residence of E. C. Lambert, when one of the front wheels of their buggy came off. The horse they were driving was a young animal and at first seemed inclined to run, but in a moment Mr. Riley had him under control. The noise made by the axle dragging on the pavement attracted the attention of a number of the neighbors, who were sitting on their porches, and after a brief search the axle was found. No damage was apparent and the axle to the buggy was not even sprung.

No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all leading druggists.

ANNOUNCEMENTS.
I hereby announce myself as a candidate for the office of circuit clerk of Morgan county, subject to the decision of the Republican county convention.

C. L. HAYDEN.
I hereby announce myself a candidate for the nomination for coroner, subject to the decision of the Morgan county Republican convention. F. M. FERGUSON.
I hereby announce myself a candidate for the nomination for coroner, subject to the decision of the Morgan county Republican convention. OLIVER MASON.

The dispatches of Monday announce the fact that Judge Thompson has decided not to allow his name to come before the state Democratic convention as a candidate for governor. From all appearances the judge has set aside this honor at a time when it seemed as if he could have had it easily, but he probably preferred his present position to the one named. For some time his name has been considered favorably among a great many of his party and at the present time the chances seemed to be that he could have had the nomination had he so desired.

GOVERNOR YATES.

Four years ago Judge Richard Yates, of Jacksonville, a young man but little known in politics, was nominated and elected governor of the state of Illinois. His lack of years and training led many to doubt whether he would prove equal to the trust and maintain the high character which the executive office had held for long years. But it must be said for Governor Yates that he has very well justified the expectations of his friends and surprised and disappointed his enemies.

In his policy of state administration he has had strong opposition from certain sources from the beginning, but all must have realized that in carrying out this policy he has been a man of tact, ability and force. He has proved himself a man of far greater powers of leadership than he was credited with possessing. He may be said to have grown in strength from the day he took office and he will leave the governor's chair in a prominent figure in Illinois politics. His personality has been attractive and he has gathered around him as devoted a following as any public man in Illinois has had in recent years. His recent campaign throughout the state for renomination was now in many respects to Illinois politics, but it developed the fact that Governor Yates is a very effective man before the people, which fact is best attested by the success that he gained in nearly every county he visited.

Governor Yates can certainly congratulate himself on what he has accomplished. He has been chief executive of the great state of Illinois four years, which is as long a term of service as has fallen to any man, with one or two exceptions, in half a century. And out of much factional bitterness and the many antagonisms he had to contend with he will return to the people to receive the verdict of well done. Illinois has found that Governor Yates is a good deal more than merely the son of his father.—Bloomington Pantagraph.

ROOSEVELT WILL NOT INTERFERE.

It is safe to assume that President Roosevelt will not take a hand in the miners' troubles in Colorado. Something like civil war prevails in that state, but a situation has not yet arisen calling for the interposition of the federal troops. The chances are that Governor Peabody and the state authorities are able to preserve at least a semblance of order in the disturbed district. The strikes have been in progress in the Cripple Creek district for nearly a year, in one phase and another. They were doomed to failure from the first, but they have continued. During the disturbances which have marked the contest from the beginning many non-union men have been murdered. Threats of assassination have been made against the authorities for proclaiming martial law, but these, happily, have had no deterrent effect on the men who are responsible for the preservation of order, or for the endeavor to preserve it.

It is the Western Federation of Miners that asks the president to interfere in the affair; but naturally he will take the position that it is a local trouble, with which the state officials can deal. It is a difficult situation. The outrages committed by the union men or in their interest have provoked in some cases counter violations of law. The Citizens' alliance of Cripple Creek has set out to extirpate unionism in its region, by preventing the employment of union men in any capacity. This blacklisting of members of all labor organizations, irrespective of whether they have had a hand, or have been charged with having a hand, in the crimes committed against the non-union miners is as obnoxious to true Americanism as is the vicious spirit of some of the unionists which this attack is directed against.

What Colorado, as well as every other community, should insist on is the right of every person to contract freely for his labor and the protection of every person in the right, whether he belongs to a labor organization or not. Blacklisting by employers, equally with boycotting by

employees, should be condemned and punished, except when the blacklisting is imposed on known criminals. Colorado has suffered by this labor war more than can easily be told. It is time for both sides of the trouble to grasp the fact that their community is receiving a blow from the recent outrages which it will feel for years to come.—St. Louis Globe-Democrat.

BIRTHDAY PARTY.

Monday afternoon Miss Blanche Perry had a delightful birthday party at the home of her parents, Mr. and Mrs. S. L. Perry, on South Main street. There was a good sized company of little misses and the hours of the afternoon passed most delightfully. A good many handsome presents were also given the young hostess and were fully appreciated by one so popular with her little mates. Her excellent mother, aided by the sister of the latter, Mrs. W. L. Baker, looked after the wants of the young guests in every way possible and all went most happily. Those invited were: Vivian Whitmer, Dan Obermeyer, Mabel Berry, Nina Mahoney, Josephine Connors, Ruth and Fay Mitchell, Eva Lee, Neva Upp, Eva Vasconcellos, Marian Nesmith, Mattie Clampt, Blanche Alspangh, Marie Peipenbring, Hazel Thomas, Ruth Strawn, Edith Carlson, Lottie Marrs, Frances English, Martha Simpson, Blanche Watson, Jennette Taylor, Ruth Taylor, Dorothy Kitter, Ethel Harney, Edith Henderson, Nellie Obermeyer, Helen Baker, Robertine Angelo, Lois Hayden, Bertha Mills, Mattie Clampt, Leta Finley, Edna Shepherd, Elizabeth Bell, Ethel Everett and Irene Black.

CHILDREN'S DAY AT PISGAH.

The Children's day exercises of Pisgah Presbyterian church took place Sunday evening and the excellent program rendered was listened to by an audience which filled the house to overflowing. The church was beautiful with chains of asparagus, roses, cut flowers and "Hearts of Gold," which was the name of the exercise of the evening. The opening number was by the choir, which never did better service than on this occasion. Prayer was offered by the pastor, Rev. John Boden, followed by the grand march from the rear of the church to the front, where the children faced about and formed into V shaped lines as they finished singing their marching song. The address of welcome was given by Miss Ethel Davenport, which was followed by a chorus song by the children. Then appeared Miss Georgia Stewart as the Angel of Flowers, crowned with a crown of gold and carrying in her hand the wand of the golden heart. Her nicely rendered recitation closed by calling upon "Mother Earth" (Miss Abigail Palmer) "Rain" and "Dew" (Helen and Bessie Zachary), and "Sunbeam" (Miss Nellie Self), her helpers, to the stage, where each gave a recitation, telling of the part they each had in making plain the message of the golden heart of the flowers, followed by the song, "All is Complete," very nicely sung by Miss Nellie Self. Then came the different flowers: Dandelion (Harold Strawn), Apple Blossom (Blanche Cunningham), Johnnie-Jump-Up (seven small boys, whose dialogue was finished by a solo, "Don't be Cross and Sassy," by Hiram Drury. The Rainbow recitation by Miss Lela Crawford was very prettily done. The Forget-me-nots with their dialogue and solo by Harriet Shepherd; the Hearts Ease duet, sweetly sung by Misses Ruth Hughes and Mae Pearson; the Water Lily recitation, beautifully given by Miss Cora Caldwell; the pretty Rose solo, by Miss Pauline Cox, and then the chorus of the water lilies. Miss Grace Miller gave a pretty recitation, and then four sailor boys appeared—Roy Curfman, Glen Caldwell, Clarence Rud and Harold Strawn—with Miss Mabel Malone as interpreter, and gave a short exercise with "The Sailor Boys' chorus. A short recitation by Miss Shirley Strawn was followed by an address by Frank Drury, superintendent of the Sunday school. This was suggestive of a collection, which was taken up as the choir sang a spirited selection. God's blessing upon the offering was asked by the pastor, who also made some announcements. The "Good-night" song by Harriet L. Shepherd, while a crowd of wee tots acted out the sleepy children part too well to be altogether simulated, brought to a close a delightful evening's entertainment.

Much credit is due the committee: Misses Amanda and Margaret Rawlings, Alice Magill and Matilda Richardson, for faithfulness and care in the training of the little ones. Such work is difficult under any circumstances, but where distances are so great and children so scattered it requires much sacrifice on the part of those in charge.

FLAG DAY

Patriotic Association Urges All Citizens to Unite in Honoring the National Emblem.

To day is flag day and the American Flag association, an association of individuals and members of flag committees from the patriotic societies in the United States, formed to promote reverence for and to prevent the desecration of the flag of the country, have issued an address to the mayor of each city, to the American press, to all patriotic societies, to school officers and teachers and to citizens generally. The address to the citizens reads as follows:

"All American citizens are earnestly invited to join in the public recognition of the birthday of the emblem of our nationality. In many of the states, pursuant to law, the public schools and also voluntarily in private schools, exercises will be conducted in celebration of flag day. Let us extend this practice. Teach the story of the flag, what it represents and have the young people pledge their fealty and loyalty to it.

"On the 14th day of June, 1777, congress enacted: 'That the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation.' The number of the stripes having been increased by the admission of new states, our sure to be expanded future dawned upon our fathers and the original thirteen stripes were unchangeably restored by act of congress on April 4, 1818, when it was enacted: 'That from and after the 14th day of July next, the flag of the United States be thirteen horizontal stripes, alternate red and white; that the union be twenty stars, white in a blue field, and that on the admission of a new state into the union, one star be added to the union of the flag; and such addition take effect on the 4th day of July next succeeding such admission.' Since 1818 twenty-five stars or sovereign states have been added to the union, making forty-five in all.

"Since the struggle of 1861-65, the flag has become the symbol of a mighty nation. It has been carried to the utmost parts of the earth, carrying liberty wherever it has been thrown to the breeze. Americans cannot fail of a feeling of pride and satisfaction, nor restrain the swelling of patriotism in the breast, when we contrast the meaning, in far distant lands, of ours and other flags displayed together.

"The stars and stripes within the recent past has come to possess new beauty for friendly eyes and new terror for the foes of liberty.

"We earnestly exhort our citizens to join in making flag day an event, and its celebration in 1904 a great event. Let us from one end of our land to the other, fling the stars and stripes to the breeze on June 14, 1904. May it greet the rising and salute the setting sun, and float all day long from every church edifice, school and building, public and private and however humble, throughout the entire land.

"Ralph E. Prime, Pres."
"Theodore Fitch, Sec."

WHY HE DOES IT.

Druggist Hatch Gives Reasons for Selling at 25c.

It isn't often that we have faith enough in a medicine put up by other people to be willing to offer to refund the money if it does not cure," said Druggist Hatch to one of his many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan.

"The Howard Co. in order to get a quick introductory sale authorized us to sell the regular 60 dose bottle of their specific for half price, 25 cents, and although we have sold lots of it and guaranteed every package, not one has been brought back as unsatisfactory.

Hatch is still selling the specific, although he can not tell how long he shall be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion, or a general played-out condition, ought to take advantage of this opportunity. If the specific does not cure them they can come right back to our store and we will cheerfully refund the money."

GENTRY BROS.' SHOW

Two Excellent Performances Given Monday—Trained Dogs and Ponies the Delight of an Army of Children.

Gentry Bros.' famous dog and pony show arrived in the city Sunday morning and erected their tents on the South Church street grounds. Many interested spectators witnessed the unloading and the attendant delights.

Long before the time for the parade hundreds of children, with their parents, had gathered along the route waiting anxiously for the first appearance of the wonderful pageant. In this they were not disappointed. The performers were splendidly attired and the well groomed ponies and animals presented a magnificent appearance. Gentry Bros. have visited this city from time immemorial and have always been a prime favorite with the young people.

The afternoon and evening performances were largely attended. Among the acts deserving special mention was the "Swanee River," played by six horses with bells; the high dive, by a small dog; the elephant band; waltzing dogs; and the monkey looping the loop. The Nippon Japanese family in their balancing and acrobatic feats excited a round of applause from the audience. On the whole the performance was deserving of high praise and is truly a delight and a lesson for the young and old. The visit of Gentry Bros. gave eminent satisfaction in every particular.

The evening services were in charge of the Young People's union

and consisted of a stereopticon lecture on the missionary work being done in Burmah by the Baptist workers. The lecture was given by Norman Coughlin and was replete with interesting facts pertaining to the people and their habits of living, together with many views of the surroundings in that far-away mission field.

JORDAN STREET CHURCH. The church at this place was very handsomely decorated and everything was calculated to make the occasion pleasant. The program was that supplied by the Presbyterian board of publication and was well carried out, the children having been well drilled for the day, and all did admirably.

The first number was an excellent instrumental duet, with Miss Mamie Day at the organ and John N. Day with the cornet. The primary department was under the especial charge of Miss Emily Fernandes, who showed peculiar aptitude in drilling the little folks and preparing them for their part in the exercises of the occasion.

Rev. R. F. Cressey, the efficient pastor, made a fine address which was heard with much interest. A beautiful feature of the day was the baptism of the little daughter of Mr. and Mrs. Antonio DeFrates. A very notable feature was the generous missionary offering amounting to \$68.17, which is certainly most creditable, when all things are considered. In the evening Emmanuel Correa gave another section of his instructive lecture on what he saw in Jerusalem, and was heard with deep interest.

HUMOR OF THE HOUR**Only a Fragment.**

Marshall P. Wilder says that a friend of his who has a decided aversion to being shaved by a barber was recently obliged by reason of a sprained wrist to intrust himself to the mercies of a member of the tonsorial guild.

As luck would have it, he encountered a by no means gentle operator, so that Wilder's friend was kept continually remonstrating with the barber for the strenuous fashion employed in removing the beard. To cap the climax the man managed to clip off a piece of an ear, whereupon the friend of Mr. Wilder waxed exceedingly wroth, exclaiming:

"You've got the ear now! You've got the ear!"

But the barber was not in the least flustered. "Only a little piece, sir," he said apologetically; "not enough to affect the hearing, sir."—Lippincott's Magazine.

One Requisite.

Mrs. Ferguson was negotiating for a gown that was to be tailor made.

"This pattern will suit you, will it?" said the tailor. "Now, then, how will you like to have it cut?"

"Can you cut it anyway I want it?"

"Certainly."

"I think," said Mrs. Ferguson thoughtfully, "it would please my husband if you could cut about \$10 off the price."

DROPPED DEAD.

Appleton, Wis., June 13.—Ten minutes after receiving word that her brother, William Mickey, was killed by a train at Sherwood, Mrs. J. Bruchl dropped dead to day.

Another club woman, Mrs. Haule, of Edgerton, Wis., tells how she was cured of irregularities and uterine trouble, terrible pains and backache, by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—A while ago my health began to fail because of female troubles. The doctor did not help me. I remembered that my mother had used Lydia E. Pinkham's Vegetable Compound on many occasions for irregularities and uterine troubles, and I felt sure that it could not harm me at any rate to give it a trial.

I was certainly glad to find that within a week I felt much better, the terrible pains in the back and side were beginning to cease, and at the time of menstruation I did not have nearly as serious a time as heretofore, so I continued its use for two months, and at the end of that time I was like a new woman. I really have never felt better in my life, have not had a sick headache since, and weigh 20 pounds more than I ever did, so I unhesitatingly recommend your medicine."—Mrs. MAY HAULE, Edgerton, Wis. (From Household Economics Club.)

CONDENSED STORIES.**Good and Sufficient Reason For the Cessation of Hostilities.**

President E. A. Alderman of Tulane university, when he was in New York the other day, was telling some friends about what he considered the queerest reason he ever heard for the suspension of hostilities. His nephew, who is a cadet at West Point, had a fight not long ago with another cadet. Each of them weighs about 200 pounds and is very muscular and athletic.

"How long did you fight?" inquired President Alderman of the nephew.

"About two hours and a half," was the reply.

"They tell me that it was the fiercest fight that ever took place at the academy. Were you very badly hurt?"

"I only hope the other fellow was hurt half as much."

"Which got the worst of it?"

"Both."

"Anybody separate you?"

"No."

"What made you stop, then?" asked Dr. Alderman.

"Well, you see, we heard the dinner bell ring."

Senator Fairbanks' Ancestors.

There was a celebration of the two hundred and fiftieth anniversary of the founding of the town of Lancaster, Pa., recently, and Senator Fairbanks of Indiana delivered the principal address. When it came time for the senator to speak, the presiding officer did not rise to introduce him.

"Are you not going to introduce me?" asked Fairbanks.

"Oh, no," the presiding officer replied complacently. There was

**"ARE THEY DEAD?"**

nothing for it but to talk, and the senator arose and made his oration. After he had finished the presiding officer said:

"Senator Fairbanks asked me if I intended to introduce him. I told him I would not. The senator needs no introduction to a Lancaster audience. Some of his ancestors have been resting in our churchyards for 200 years."

"Are they dead?" asked a little girl who sat on a front seat in an awed voice.

Dan Daly and Literature.

In his younger days Dan Daly, the tall comedian, essayed to write fiction and went to the editor of a Boston paper with his first effusion. The editor criticised the work severely and advised the future comedian to study Nathaniel Hawthorne. The vein of humor peculiar to Daly had developed even at that early date. He said reflectively:

"If my story were printed it would measure about half a column, would it not?"

"About that," replied the editor, wondering what that had to do with it.

"Your rate of payment is \$5 per column, I believe?" pursued the young man.

"Yes."

"Good day. I like to be pleasant and agreeable and popular with everybody. I am even willing to de-throne Hawthorne to please an editor, but not for \$5, not for \$2."

Whereupon he casually departed.

—New York Times.

The Seat of the Trouble.

There is an old story of Queen Alexandra when she was Princess of Wales. Coming one day upon a very small boy who was weeping bitterly, the princess stopped to inquire the trouble from the youngster's fat, comfortable grandmother. She received the laconic reply, "Well, ma'am, there isn't no trouble, as you might say, but no stomach can't stand nine buns."

If the family physician were equally frank he might explain as tersely a large proportion of the aches and pains and languor that keep his patients lively.

Face to Face With Starvation

Deprive your stomach of its digestive function and you starve to death. However much you eat, you derive no nourishment from your food. Gradually the flesh built up in health, is absorbed by the hungry, shriveled bloodvessels. You become gaunt and emaciated. You cannot sleep. Dark forebodings assail you. Complete collapse, and—death.

Dyspepsia is the name given this process of starvation—this disease which fills the land with physical wrecks.

We have watched its progress with horror.

We have seen beautiful women fade away like flowers on broken stalks.

We have seen strong men become tottering invalids.

Nothing could be done.

But now Science has provided a weapon—a real cure for dyspepsia.

Pancreatin and similar remedies are swept aside—sent to join the lancet and other medical blunders of the past.

In their place we offer you Rexall Dyspepsia Tablets, a modern remedy that is revolutionizing the treatment of disordered stomachs.

Dyspepsia Tablets

TRADE NAME

We know Rexall Dyspepsia Tablets will make you well and strong as they did Mrs. Swanson.

Results Are What Count

"I want everyone to know how Rexall Dyspepsia Tablets have helped me. I suffered with stomach trouble for two years and was in a terrible condition. I had lost thirty pounds in weight and looked twenty years older than I am. I was half starved, for nothing that I ate seemed to give me strength. A friend told me of Rexall Dyspepsia Tablets and after taking three boxes I believe I am cured. I can eat anything without the least discomfort; my complexion has become clear, and I am rapidly gaining flesh.—Mrs. M. J. SWANSON, Minneapolis, Minn."

If you are losing flesh and becoming weak and irritable; if your food distresses you, or if you are unable to sleep, we want you to purchase a package of these tablets. The cost, trifling! The relief, invaluable!

Sold only at our store, or by mail. Price 25 cents per full package.

(By Associated Press.)

Chicago, June 13.—Wheat—The market opened lower on earlier cables. Improved weather conditions and decreased exports from America, July being down 1/4¢ to 1/2¢. Many bearish crop advices were received early. One said prospects for 1904 were not so good as last year. Another said the crop could not be more favorable. Toward the middle of the day sentiment became bullish and prices started upward. Strength in corn and oats was largely responsible for the change in tone. Some bullish reports were received from Kansas and Oklahoma, telling of flooded conditions and predicting late harvest. Shorts were active purchasers the latter part of the session and the market continued strong until the close with July up 1/4¢, September 1/2¢ higher, Liverpool unchanged to 1/4¢ lower. On the coast twenty-six boat loads were taken. The visible decreased 2,128,000, against 2,707,000 decrease a year ago.

Corn—Strength in the market was surprising in view of the moderate volume of trading. There was a good demand for September from provision interests and a prominent commission house. Offerings were scattered and apparently inadequate to the demand. The report of the secretary of the Kansas board of agriculture, claiming bad condition of the crop, was a strengthening factor. Smaller receipts than expected were an early bull factor. The close showed a gain of 1/4¢ for July, 1/2¢ for September, 1/4¢ for October, 1/4¢ for November, 1/4¢ for December, 1/4¢ for January, 1/4¢ for February, 1/4¢ for March, 1/4¢ for April, 1/4¢ for May, 1/4¢ for June.

Oats—There was big general commission house demand and large center in September, although there was increased demand for December. Strength in corn was the main bull factor. Distant deliveries advanced about 1¢, but July showed only moderate gain, 1/4¢. The visible decreased 275,000.

Livestock—Cattle—Receipts, 25,000. There was good general demand once more, prices for best 10¢ higher, good, dry fed fat being chiefly called for and showing a great deal of firmness. Grassy cattle were discriminated against and sold at barely steady prices. Good to prime, \$2.50 to \$2.60; poor to medium, \$1.75 to \$2.00; stockers, \$1.00 to \$1.25; cows, \$1.75 to \$2.00.

Hogs—Receipts, 37,000. Prices ruled about 5¢ higher with active demand and sales largely at \$1.85 to \$2.00. Mixed and butchers', \$1.80 to \$2.00; good to choice heavy, \$1.95 to \$2.10; rough heavy, \$1.75 to \$1.90; light, \$1.80 to \$1.95; butchers', \$1.85 to \$2.00.

Sheep—Receipts, 20,000. Demand fairly active and prices generally steady with prime lambs higher. Sheep, \$3.75 to \$4.00; lambs, \$5.00 to \$5.20.

ST. LOUIS MARKET.
St. Louis, June 13.—Wheat—Cash, \$1.07 1/2; July, \$1.08 1/2; August, \$1.09 1/2; September, \$1.10 1/2; October, \$1.11 1/2; November, \$1.12 1/2; December, \$1.13 1/2; January, \$1.14 1/2; February, \$1.15 1/2; March, \$1.16 1/2; April, \$1.17 1/2; May, \$1.18 1/2; June, \$1.19 1/2.

Corn—Cash, 40¢; July, 41¢; August, 42¢; September, 43¢; October, 44¢; November, 45¢; December, 46¢; January, 47¢; February, 48¢; March, 49¢; April, 50¢; May, 51¢; June, 52¢.

Oats—Cash, 30¢; July, 31¢; August, 32¢; September, 33¢; October, 34¢; November, 35¢; December, 36¢; January, 37¢; February, 38¢; March, 39¢; April, 40¢; May, 41¢; June, 42¢.

LIVERPOOL MARKET.

NEW YORK MARKET.

New York, June 13.—Wheat—Receipts, 3,000 bu; exports, 4,000. Spot irregular; No. 2 red, nominal elevator and \$1.11 f. o. b. float. Options closed 1/4¢ higher, 1/2¢ higher. The advance was due to the fact that the market was in a state of uncertainty as to the result of the election in that option, July, 1904.

Corn—Receipts, 108,000 bu; exports, 18,000. Spot firm; No. 2 yellow elevator and 56¢ f. o. b. float. Options closed 1/4¢ higher, 1/2¢ higher, July, 1904.

Oats—Receipts, 122,000 bu; exports, 21,000. Spot steady; mixed, 35¢ f. o. b. float; clipped white, 36¢ f. o. b. float.

FINANCIAL MARKET.

New York, June 13.—Flatting out of speculative upward movement in prices was a sore disappointment to day to the professional trading element. The day which developed in the latter part of last week had aroused great hopes that the market was at last stirred out of its rut. The presumption was widespread that the advance in prices had freed confidence and necessities from some large banking and railroad interests, whose cooperation in the market has been vainly looked for by traders for many weeks past. There was no evidence to day of buying of this character and other smaller class of speculators attempted to take profits on some holdings taken over last week they found they had the market to themselves and no absorptive power for their moderate offerings. Closing quotations:

Money on call easy; highest, last loan, closing bid and offered 1/4¢; lowest and ruling rate, 1 per cent. Time loans easy and dull; sixty days at 1/4¢; ninety days at 1/4¢; six months at 1/4¢.

Exchange—Demand at 47¢ 30; sixty days at 47¢ 30; ninety days at 47¢ 30; six months at 47¢ 30.

MEMORIAL DAY

Arcadia Odd Fellows Honor Brethren Who Have Passed to Great Beyond With Program of Appropriate Exercises.

At Arcadia Sunday the local lodge of Odd Fellows held a memorial service, which was largely attended, and an appropriate program of exercises carried out.

Luther A. Barr acted a chairman and after the singing of the Odd Fellows' ode, Rev. Mr. Thompson, of Petersburg, invoked the divine blessing. After the singing of a song, in which all present joined heartily, Rev. Mr. Thompson was introduced and made an address.

Another song was then sung and Frank J. Heint, of this city, was introduced and spoke in a manner appropriate to the occasion.

The program was concluded with the singing of another song and the members of the lodge and friends joined in decorating the graves of their departed brethren, whose last resting places had been marked with flags.

Those from this city who attended the services were: Mr. and Mrs. J. J. Reeve, J. W. Harney and family, Frank J. Heint, J. K. Long, George Moore, Asa Robinson, J. T. Osborne, Robert Smith, W. J. Marcum, L. Goheen, Jud Boston, James Stout and T. M. Tomlinson.

At the conclusion of the play the best averages for the year's play were announced by the secretary, Mr. William Goebel, and two handsome prizes were awarded, to Miss Abigail King for the highest average and Miss Reon Osborne, for next highest average. The first prize was a cut glass bon bon stand and the second prize was a sterling silver flower vase. The evening was a most enjoyable one in every particular.

The members of the club are: Miss Abigail King, Miss Reon Osborne, Miss Nell Russell, Miss Laura McDonald, Miss Elizabeth Robertson and Miss Kathryn Robertson, and Mr. A. Wehl, Mr. W. E. Crane, Dr. Herbert A. Potts, Dr. J. A. Day and Mr. William Goebel.

A notable feature of the day Monday was the procession of the children of the parochial school, treated to tickets to the Gentry show by Father Crowe. There were several hundred of the little folks and their delight at the prospect can easily be imagined. They were led by their kind benefactor.

LOCALS WIN

Athens Players Put up Poor Game Against Home Team Sunday—Averages of Local Players to Date.

An aggregation of kid ball tossers from Athens scored six runs against the locals Sunday afternoon at the West Side park. The visitors were as far back in the art of base ball playing as were the old Athenians of Greece. The locals romped around the bases like college athletes training for the mile run. The home team made several pretty doubles, which served to enliven things somewhat. Jacksonville has a good team and should play stronger clubs. The score:

Below is given the batting and fielding averages of the local team for the present season. All of the men have played five games except Baker and Shanahan, who have played two. The players fattened their averages in Sunday's game with the exception of Livingston, who seemed to be off his feed. "Liver" has had hard luck all during this season, getting only one hit each game, yet he is always a sure hitter and can be relied upon in an emergency. In fielding he stands perfect. Some of the fans would no doubt faint if "Liver" should ever drop a fly that came within fifty yards of him.

Norris heads the list in batting. This season Norris has shown up wonderfully with the stick, getting an average of .450. Schumm and Magill are also hitting very strong.

In speaking of statistics it may be well to quote a few words on the subject by Harry C. Pottam, president of the National league. He says:

"The existing system of making out the yearly averages of the several professional base ball leagues is entirely worthless as data affording a criterion of excellence of play in the various departments of the game; especially is this the case as regards the batting and pitching. For instance, the only test of effective skill at the bat is the data of base runners forwarded by base hits, with its percentage; whereas the averages used up to date give the palm to the batsman who excels in 'percentage of base hits,' without regard to the runners forwarded around the bases by such hits. The former is mere 'record batting,' while the latter is the true criterion of 'team work at the bat'—the acme of scientific batting."

"Then, too, in the fielding and base running averages, the system in vogue is entirely inadequate for the purpose of presenting a criterion of excellence of play. For instance, in the National league averages for 1903 Ryan, the first baseman of the St. Louis club, is given the lead in the averages of first basemen because, in eighteen games only, he led McGann in first base playing percentages by .589 to .588—just one point only—McGann having played in the position no less than 129 games."

GOES BACK TO JAIL

Chas. McDaniels Arrested Here on Suspicion Taken to Independence Mo. by Marshall Rice

Marshall Rice, of Independence, Mo., was in the city Monday to see if the man recently arrested here was the Charles McDaniels wanted there for breaking jail. He found such to be the case, and obtaining requisition papers in Springfield left for Independence with his prisoner on the 11:47 train Monday night.

McDaniels was serving a twelve months' sentence in the Independence jail for stealing, and having been a good prisoner, was regarded as a trusty after having been there a short time. After serving about three months he disappeared from the jail and no trace of him was found until last week, when he was arrested in this city by Policeman Trahey, who had been on the lookout for the man for some time.

The prisoner was rearrested primarily for the purpose of confining him for the remainder of his term, but there are other charges which may be made against him, as he is suspected of having been implicated in the stealing of a horse and rig near Independence, and also of having been a member of an organized gang of horse thieves who have operated extensively in Missouri. The capture was undoubtedly a very clever one.

CONVENTION MEETS TO DAY.

About thirty of the faithful journeyed to Springfield yesterday to be present at the Democratic convention which meets there to day. A large number are expected to go over this morning. The opening session of the convention promises to be well worth witnessing, as the contending factions have anything but the kindest feelings for one another. The fight for places on the state ticket has been lost sight of in the scramble to organize the convention and thereby name the delegates-at-large to the national convention and name the members of the national committee.

The unexpected may happen, but the opening session of the convention is very apt to be marked by turbulent scenes.
